II. BACKGROUND:

The Virginia Department of Housing and Community Development (VDHCD) is the Commonwealth of Virginia’s housing agency. It is responsible for administration of the non-entitlement CDBG, HOME, ESG and HOPWA programs. It is also responsible for administration of ARRA programs including the non-entitlement portions of the HPRP, CDBG-R and NSP programs. VDHCD is an executive branch agency of the Commonwealth. VDHCD works in close partnership with Virginia Housing Development Authority (VHDA), the state housing finance agency which also administers portions of the Section 8 Program. VHDA is a quasi state agency and governed by an independent board.

VDHCD and VHDA would like to ensure that the next PBCA administrator has a strong commitment and experience in addressing a comprehensive range of Virginia’s housing needs. For that reason, VDHCD is seeking a strong private-sector partner to participate in a competitive application to HUD and to work in partnership to successfully carry out the responsibilities of the PBCA contract.

V. PROPOSAL PREPARATION AND SUBMISSION REQUIREMENTS:

A. General:

1. RFP Response: In order to be considered for selection, Offerors must submit a completed response to the RFP. One (1) original and four (4) copies of each proposal must be submitted to Issuing Agency, Department of Housing and Community Development. No other distribution of proposal shall be made by the Offeror.
2. Proposal Preparation:
 - a. Proposals shall be signed by an authorized representative of the Offeror. All information requested should be submitted. Failure to submit all information requested may result in the purchasing agency requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are substantially incomplete or lack key information may be rejected by the purchasing agency. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.
 - b. Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. Emphasis should be placed on completeness and clarity of content.
 - c. Proposals should be organized in the order in which the requirements are presented in the RFP. All pages of the proposal should be numbered. Each paragraph in the proposal should reference the paragraph number of the corresponding section of the RFP. It is also helpful to cite the paragraph number, subletter, and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub-letter should be repeated at the top of the next page. The proposal should contain a table of contents which cross-references the RFP requirements. Information which the Offeror desires to present that does not fall within any of the requirements of the RFP should be inserted at an appropriate place or be attached at the end of the proposal and designated as additional material. Proposals that are not organized in this manner risk elimination from consideration if the evaluators are unable to find where the RFP requirements are specifically addressed.

- d. As used in this RFP, the terms "must", "shall", "should" and "may" identify the criticality of requirements. "Must" and "shall" identify requirements whose absence will have a major negative impact on the suitability of the proposed solution. Items labeled as "should" or "may" are highly desirable, although their absence will not have a large impact and would be useful, but are not necessary. Depending on the overall response to the RFP, some individual "must" and "shall" items may not be fully satisfied, but it is the intent to satisfy most, if not all, "must" and "shall" requirements. The inability of an Offeror to satisfy a "must" or "shall" requirement does not automatically remove That Offeror from consideration; however, it may seriously affect the overall rating of the Offeror's proposal.
- e. Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.
- f. Ownership of all data, materials, and documentation originated and prepared for the State pursuant to this RFP shall belong exclusively to the State and be subject to public inspection in accordance with the *Virginia Freedom of Information Act*. Trade secrets or proprietary information submitted by an Offeror shall not be subject to public disclosure under the *Virginia Freedom of Information Act*; however, the Offeror must invoke the protections of § 2.2-4342F of the *Code of Virginia*, in writing, either before or at the time the data or other material is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only the specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable and will result in rejection of the proposal.

3. Oral Presentation:

Offeror's who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to the agency. This provides an opportunity for the Offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only and does not include negotiation. The issuing agency will schedule the time and location of these presentations. Oral presentations are an option of the purchasing agency and may or may not be conducted.

B. Specific Proposal Instructions:
